This Confirmation constitutes a "**Confirmation**" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 2003 ISDA Credit Derivatives Definitions (without incorporating either the 2009 ISDA Credit Derivatives Definitions Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions published on 12 March 2009 or the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the ISDA Credit Derivatives Definitions, published on 14 July 2009) (the "**2003 Definitions**"), as published by the International Swaps and Derivatives Association Inc., ("**ISDA**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2003 Definitions and this Confirmation, this Confirmation will govern. For the avoidance of doubt, Section 1.10 (*Requirements Regarding Notices*) of the 2003 Definitions will apply in respect of any notice delivered in connection with this Confirmation.

This Confirmation supplements, forms a part of, and is subject to, the ISDA 2002 Master Agreement (Irish Law) dated as of 26 June 2019, as amended and supplemented from time to time (the "**Agreement**"), between the Buyer and the Seller. In the event of any inconsistency between words and meanings defined in the other Transaction Documents and words and meanings defined in this Confirmation, this Confirmation will govern.

Section 2.2 of the 2003 Definitions shall not apply. Instead, "**Successor**" means in relation to a Reference Obligation, any entity that, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, assumes any obligations under such Reference Obligation (but only to the extent of such assumption). For the avoidance of doubt, if at any given time more than one Successor assumes any obligations under a Reference Obligation, then such Reference Obligation shall be split into such number of Reference Obligations as corresponds to the number of Successors and the Calculation Agent shall allocate the Protected Reference Obligation Notional Amount of such Reference Obligation amongst each such Successor in the same proportion that the obligations assumed by each such Successor bears to the principal amount of such Reference Obligation prior to such assumption, *provided that* where more than one Successor assumes joint and several liability for any resulting obligation, such resulting obligation shall constitute a single Reference Obligation in respect of which all such Successors shall be Reference Entities.

Reference Portfolio: The Buyer has designated on 24 June 2019 (the "**Cut-Off Date**") a portfolio (the "**Reference Portfolio**") of Reference Obligations and, in relation to each such Reference Obligation, Reference Entities which are listed on the Reference Register. The Reference Register as of the Cut-Off Date is set out in Annex 4 hereto.

On the Cut-Off Date, the Reference Obligations which are listed on the Reference Register are required to comply individually with the Eligibility Criteria and the Reference Portfolio is required to comply with the criteria set forth in paragraphs (i), (iv), (v), (vi), (vii) and (viii) of the Portfolio Guidelines (as if references in the Portfolio Guidelines to a Replenishment or Replenishment Date were references to all Reference Obligations and the Cut-Off Date, respectively).

The Eligibility Criteria are set out in full in Annex 1 to this Confirmation.

Without limitation to Section 14(c), the Buyer is not required to have an interest in, or exposure to, any Reference Obligation as at the Cut-Off Date and, if it holds, or has any exposure to, any Reference Obligation as at the Cut-Off Date, it is not obliged to retain or continue to hold, or to have an exposure to, any Reference Obligation after the Cut-Off Date.

Reference Register:

The Buyer shall maintain a register (the "**Reference Register**") specifying the information set out in Section 10 below. The Buyer will update the Reference Register on a monthly basis in order to reflect any Reduction/Removal, Replenishments or Substitutions resulting in changes to the Protected Reference Obligation Notional Amount of any Reference Obligation, the addition of new Reference Obligations or other change to the Reference Register details since the Cut-Off Date, or the date of the most recent monthly update, as the case may be.

Servicing:

The Reference Obligations and the Reference Collateral will be administered and enforced by the Servicer in accordance with the Relevant Lender's credit and collection policy and servicing principles as in force from time to time and to the standard of a reasonably prudent lender or equivalent credit and collection policy and servicing principles.

In all cases, any credit, risk management, recovery process and/or enforcement decisions relating to the Reference Portfolio shall be taken by the Relevant Lender without regard to the existence of this Transaction and with a view of minimising losses and maximising recoveries on the relevant Reference Obligation.

The Buyer shall ensure that information barriers are put in place such that the officers of the Relevant Lender responsible for servicing the Reference Obligations in the Reference Portfolio shall not be aware of the Reference Obligations included in the Reference Portfolio and each Servicer shall therefore carry out its duties in relation to the Reference Portfolio without regard to the existence of this Transaction.

Servicer:	" Servicer " means the Relevant Lender or its agent acting on its behalf.
Initial Reference Portfolio Amount:	EUR 3,000,000,023.00, being the sum of the Reference Obligation Notional Amount of each Reference Obligation comprising the Reference Portfolio on the Cut-Off Date.
Reference Portfolio Notional Amount:	On any date, an amount equal to the sum of the Reference Obligation Notional Amount of each Reference Obligation comprising the Reference Portfolio on such date. For the avoidance of doubt, the Reference Obligation Notional Amount of each Non-Worked Out Reference Obligation is included in the Reference Portfolio Notional Amount.
Maximum Reference Portfolio Notional Amount:	An amount equal to the Initial Reference Portfolio Amount <i>less</i> (i) the aggregate of all Worked Out Credit Protection Amounts, (ii) the aggregate of the Reference Obligation Notional Amounts of all Non-Worked Out Reference Obligations; and (iii) the aggregate of the Cumulative Tranche B Amortisation Amount, the Cumulative Tranche A Amortisation Amount and the Cumulative Senior Tranche Amortisation Amount.
Protected Reference Portfolio Amount:	EUR 2,850,000,021.85, being 95% of the Initial Reference Portfolio Amount.
Reference Obligation Notional Amount:	In respect of a Reference Obligation, the amount (denominated in Euro) designated by the Buyer in the Reference Register in respect of such Reference Obligation under the heading "RONA".

The Reference Obligation Notional Amount in respect of a Reference Obligation shall in all cases be no greater than the Relevant Lender's exposure to

such Reference Obligation, such exposure as determined on the Relevant Date.

Following a Reduction/Removal of the Protected Reference Obligation Notional Amount in respect of a Reference Obligation, the Reference Obligation Notional Amount in respect of such Reference Obligation shall be reduced by an amount which is in the same proportion to the Reference Obligation Notional Amount as the amount such Reduction/Removal bears to the Protected Reference Obligation Notional Amount.

Protected Reference Obligation Notional Amount: In respect of a Reference Obligation, the amount (denominated in Euro) designated by the Buyer in the Reference Register in respect of such Reference Obligation under the heading "PRONA", *provided that* such amount shall be equal to 95% of the Reference Obligation Notional Amount of such Reference Obligation on the applicable Relevant Date, as adjusted pursuant to the terms of this Transaction.

Protected Reference Portfolio Notional Amount: On any date, the lesser of:

- (a) the Protected Reference Portfolio Amount; and
- (b) the sum of the Protected Reference Obligation Notional Amounts for all Reference Obligations in the Reference Portfolio on such date.

Reductions: The Protected Reference Obligation Notional Amount of any Reference Obligation shall, as set out below, be reduced from time to time as follows (each such reduction, a "**Reduction/Removal**"):

- (a) in whole or in part (as applicable) to reflect any repayment, prepayment or amortisation in relation to the relevant Reference Obligation by an amount which is in the same proportion to the Protected Reference Obligation Notional Amount of the Reference Obligation immediately prior to such repayment, prepayment or amortisation as the amount that such repayment, prepayment or amortisation bears to the outstanding principal amount of such Reference Obligation immediately prior to

such repayment, prepayment or amortisation;

- (b) in whole or in part (as applicable) to reflect any disposal by the Relevant Lender of all or part of its interest in the Reference Obligation to a third party which is not either (i) the Buyer, (ii) a credit institution (other than the Buyer) or a regulated lending institution (*establecimiento financiero de crédito*) which, in both cases, is part of the Banco Santander S.A. consolidated accounting group or (iii) a special purpose vehicle or other entity which is part of the Banco Santander S.A. consolidated accounting group by an amount which is in the same proportion to the Protected Reference Obligation Notional Amount of the Reference Obligation immediately prior to such disposal as the amount that such disposal bears to the outstanding principal amount of such Reference Obligation immediately prior to such disposal;
- (c) in whole if the relevant Reference Obligation ceases to be held on Banco Santander S.A.'s regulatory balance sheet as a result of the Relevant Lender no longer being consolidated with Banco Santander S.A. for the purpose of Article 11 of Regulation No 575/2013 of the European Parliament and of the Council (the "**CRR**");
- (d) in whole if the relevant Reference Obligation is determined by the Buyer or the Independent Accountants to have either (i) been a False Addition on the Relevant Date or (ii) not complied with the Eligibility Criteria on the Relevant Date, or where the Reference Portfolio is determined by the Buyer or the Independent Accountants to have not complied with: (1) the criteria set forth in paragraphs (i), (iv), (v), (vi), (vii) and (viii) of the Portfolio Guidelines on the Cut-Off Date or (2) the Portfolio Guidelines on any Relevant Date other than the Cut-Off Date (subject to the PG Breach Exception in respect of a Replenishment Date or a Substitution Date);

- (e) in whole if the relevant Reference Obligation which becomes a Worked Out Reference Obligation other than where the relevant Reference Obligation is a Cured Reference Obligation, *provided that* for the purpose of determining the Portfolio Amortisation Amount on any date after the Last Replenishment Date, the amount of such Reduction/Removal shall be deemed to be an amount equal to the Reference Obligation Notional Amount for such Reference Obligation *minus* the Worked Out Credit Protection Amount for such Reference Obligation;
- (f) at the option of the Buyer, in whole if, following the occurrence of an Event Determination Date in respect of such Reference Obligation, Buyer determines in a commercially reasonable manner and in good faith that any of paragraphs (c), (d) or (e) (as applicable) of the Additional Condition to Settlement could not be satisfied in respect of that Reference Obligation;
- (g) in whole in respect of any Reference Obligation if a Credit Event occurs in respect of the relevant Reference Obligation prior to the Effective Date; and
- (h) in whole, if as a result of an amendment or refinancing, the relevant Reference Obligation becomes subject to a guarantee from the European Investment Bank ("**EIB**") or Instituto de Credito Oficial ("**ICO**").

If the Buyer becomes aware that the Reference Portfolio did not comply with the criteria set forth in paragraphs (i), (iv), (v), (vi), (vii) and (viii) of the Portfolio Guidelines on the Cut-Off Date, the Buyer may select one or more Reference Obligations to be removed from the Reference Portfolio so as to cause the Reference Portfolio following such removal to be in compliance with the Portfolio Guidelines (and any such removal shall be a Reduction/Removal).

For the avoidance of doubt, the Buyer may not reduce or remove any Reference Obligations from

the Reference Portfolio otherwise than in accordance with paragraphs (a) to (h) above.

Replenishments:

On any Cash Settlement Date on or prior to the Last Replenishment Date, the Buyer will have the right (but not the obligation) at its sole discretion (and acting in its own interests) to add, with effect from and including such date, one or more new Reference Obligations (including Reference Obligations with respect to new Reference Entities) to the Reference Register (each a "**Replenishment**") *provided that* the Conditions to Replenishment are satisfied on the Relevant Date in respect of such Replenishment. Each day on which any Replenishment is effected by the Buyer shall constitute a "**Replenishment Date**".

For the avoidance of doubt: (a) the Buyer shall update the Reference Register to reflect any Reduction/Removal on a Replenishment Date prior to performing any Replenishments on such Replenishment Date; and (b) the Buyer may effect a Reduction/Removal and Replenishment of the same Reference Obligation such that if such Reference Obligation was previously added pursuant to a False Addition it will not continue to be so regarded as a False Addition, provided that the Conditions to Replenishment are satisfied in respect of the subsequent Replenishment.

"**Last Replenishment Date**" means the earliest of:

- (a) the date immediately preceding the date on which a Replenishment Stop Event occurs;
- (b) the first Cash Settlement Date falling on or immediately following the date falling 3 months after the Effective Date; and
- (c) the date immediately preceding the Initial Termination Date.

"**Replenishment Stop Event**" means, on a Relevant Date, that:

- (a) the aggregate of all Cumulative Credit Losses from, and including, the Effective Date is greater than 0.90% of the Protected Reference Portfolio Amount;

- (b) the weighted average regulatory probability of default of all Reference Obligations, which are not Defaulted Reference Obligations, is greater than 2.00%; or
- (c) a Bankruptcy Event of Default has occurred with respect to the Buyer;
- (d) the Protected Reference Portfolio Notional Amount is, or will be when calculated at the next succeeding Calculation Date, equal to or less than 10% of the Protected Reference Portfolio Amount; and
- (e) no Replenishment has occurred on the first Replenishment Date if, on such Replenishment Date, the Maximum Reference Portfolio Notional Amount exceeded the Reference Portfolio Notional Amount by not less than EUR 60,000.000.00.

Cumulative Credit Losses: On any date, an amount equal to the sum of:

- (a) all Initial Credit Protection Amounts; and
 - (b) all Credit Protection Adjustment Amounts,
- as at that date.

Conditions to Replenishment: The "**Conditions to Replenishment**" shall be satisfied on a Relevant Date in respect of a Reference Obligation and a Replenishment if:

- (a) the Reference Obligation satisfied each of the Eligibility Criteria set out in Annex 1 and such Reference Obligation is not included in the securitisation portfolio for any other securitisation (whether a synthetic securitisation or otherwise);
- (b) the Buyer has annual individual and consolidated accounts for the last two accounting periods duly audited and with no qualifications, as required by article 17(a) of Law 5/2015; and
- (c) either:
 - (i) the Portfolio Guidelines set out in Annex 2 were satisfied in respect of all Replenishments on the Relevant

Date in respect of such Replenishment; or

- (ii) if the Portfolio Guidelines set out in sub-paragraph (iv) of the Portfolio Guidelines had been breached immediately prior to the relevant Replenishment (after taking into account any Reduction/Removal on such Replenishment Date) and such breach is continuing, (A) the weighted average life of all Reference Obligations which are the subject of the Replenishments on that date is equal to or lower than 2.5 years and (B) all of the other Portfolio Guidelines set out in Annex 2 were satisfied in respect of all Replenishments on the Relevant Date including such Replenishment (the "**PG Breach Exception**").

Substitution of Ineligible Obligation:

If the Buyer becomes aware or the Seller determines that any Reference Obligation which formed part of the Reference Portfolio on the Effective Date did not comply with the Eligibility Criteria on the Cut-Off Date, that any Replenishment was effected without satisfying the Conditions to Replenishment, or that any Substitution was effected without satisfying the Conditions to Substitution (a "**False Addition**", and each such Reference Obligation, an "**Ineligible Obligation**"), then the Buyer or the Seller, as applicable, will, as soon as reasonably practicable, notify the other party of such False Addition. The parties acknowledge and agree that the Buyer may become aware of a False Addition for these purposes pursuant to dealings with the Independent Accountants under the Letter Agreement in place at the relevant time subject to any dispute resolution and the other mechanisms therein.

If a Reference Obligation has been added/adjusted pursuant to a False Addition, then:

- (a) promptly following the date on which the Buyer became aware of such False Addition, the Buyer will remove the relevant Reference Obligation from the Reference Portfolio (and for the avoidance of doubt,

such removal will constitute a Reduction/Removal);

- (b) on any Cash Settlement Date following the end of the Replenishment Period, the Buyer will have the right (but not the obligation) at its sole discretion (and acting in its own interests) to add, with effect from and including such date, one or more new Reference Obligations (including Reference Obligations with respect to new Reference Entities) to the Reference Register (each such addition, a "**Substitution**", each such Reference Obligation, a "**Substitute Obligation**", and the Reference Obligation Notional Amount being added to the Reference Portfolio, the "**Substitute RONA**"), *provided that*, in respect of each Substitution, on the Relevant Date:
- (i) the Substitute Obligation satisfied each of the Eligibility Criteria set out in Annex 1 and such Reference Obligation is not included in the securitisation portfolio for any other securitisation (whether a synthetic securitisation or otherwise);
 - (ii) the aggregate Substitute RONA of each Substitute Obligation on the related Cash Settlement Date does not exceed the aggregate Reference Obligation Notional Amount of each Ineligible Obligation removed from the Reference Portfolio during the immediately preceding Calculation Period;
 - (iii) the Portfolio Guidelines set out in Annex 2 were satisfied in respect of such Substitution subject to application of the PG Breach Exception (as if references in the Portfolio Guidelines to a Replenishment or Replenishment Date were references to a Substitution and the Substitution Date, respectively); and
 - (iv) the Buyer has annual individual and consolidated accounts for the last

two accounting periods duly audited and with no qualifications, as required by article 17(a) of Law 5/2015; and

(together, the "**Conditions to Substitution**");

- (c) no Credit Event Notice may be delivered with respect to the corresponding Reference Obligation.

Each day on which a Substitution is effected by the Buyer shall constitute a "**Substitution Date**".

Notwithstanding anything herein or in the Agreement to the contrary, any failure to satisfy the Conditions to Replenishment or, as the case may be, Conditions to Substitution will not comprise a breach of the Agreement or otherwise comprise a Potential Event of Default or an Event of Default (including, without limitation, under Section 5(a)(ii) of the Agreement) with respect to the Buyer and in the absence of fraud, will not entitle the Seller to claim any compensation, damages or any other equitable relief.

The Buyer makes no representation whatsoever, express or implied, as to whether or not any Reference Obligation complies with the Conditions to Replenishment and/or the Conditions to Substitution on any date.

Amendment and Refinancing of Reference Obligations:

Reference Obligations may, from time to time, be amended or refinanced by the Relevant Lender in accordance with its normal servicing practices for loans of that type, including, without limitation, increases of the principal amount, changes to the interest rate of the loan and changes to the borrower. Such amendment or refinancing may include extending the final repayment date for such Reference Obligation *provided that* the final repayment date may not be extended beyond the Scheduled Termination Date and may take the form of the cancellation or repayment of the existing Reference Obligation and its replacement with a new obligation of the same borrower or a different borrower and *further provided that* any amendment or refinancing of any Reference Obligation in respect of which the Relevant Lender is a Securitisation Issuer shall be also subject to those

restrictions and limitations (if any) applicable under the transactions documents of the relevant securitisation.

An amended or refinanced Reference Obligation which occurs in circumstances which do not constitute or give rise to a Restructuring Credit Event will remain in the Reference Portfolio without being required to satisfy the Eligibility Criteria or Portfolio Guidelines at that time.

Where, pursuant to a refinancing, two or more Reference Obligations are consolidated into one new obligation, including where such new obligation has a different borrower, such new obligation shall be a new Reference Obligation and shall remain in the Reference Portfolio and the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount of such new Reference Obligation shall be equal to the aggregate Reference Obligation Notional Amounts and the aggregate Protected Reference Obligation Notional Amounts of the Reference Obligations being consolidated immediately prior to the refinancing.

Where, pursuant to a refinancing, the principal amount of the Reference Obligation to which the Relevant Lender is exposed is increased, such Reference Obligation shall remain in the Reference Portfolio and the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount of such new Reference Obligation shall be equal to those immediately prior to the refinancing.

If, as a result of an amendment or a refinancing, a Reference Obligation becomes subject to a guarantee from the EIB or the ICO, then such Reference Obligation will be removed from the Reference Portfolio.

For the avoidance of doubt, an amendment or refinancing which does constitute or give rise to a Restructuring Credit Event will be settled in accordance with the Settlement Method.

2. **Tranches and Amortisation**

For the avoidance of doubt, the calculation of the Tranche B Amortisation Amount, Tranche A

Amortisation Amount and the Senior Tranche Amortisation Amount in respect of each Amortisation Date shall occur after the calculation of the Threshold Loss Allocation, the Tranche B Loss Allocation, the Tranche A Loss Allocation and the Senior Tranche Loss Allocation, as applicable, in respect of each Calculation Period ending immediately prior to such Amortisation Date.

For the avoidance of doubt, if a Subordination Event has occurred, the, Tranche B Amortisation Amount, Tranche A Amortisation Amount and Senior Tranche Amortisation Amount will from that time on be calculated on the basis that a Subordination Event has occurred regardless of whether the

circumstances which caused that Subordination Event to occur are still subsisting.

A Credit Event Notice shall be subject to the requirements regarding notices set forth in Section 1.10."

Notwithstanding Section 3.2(b) of the 2003 Definitions, the Credit Event Notice Condition to Settlement may only be satisfied by the delivery during the Notice Delivery Period by the Notifying Party to the Seller of a Credit Event Notice.

The Accountants' Notice delivered to the Seller and the Buyer shall be conclusive and binding for all purposes, absent manifest error.

For the avoidance of doubt, no Reference Obligation shall be a Defaulted Reference Obligation unless the Conditions to Settlement Satisfaction Date has occurred (irrespective of whether or not it is an Initial Verifiable Reference Obligation).

- (b) if the Buyer is subsequently able to rectify the issue which led to the Independent Accountants being unable to deliver an Accountants' Notice with respect to that Failed Initial Verifiable Reference Obligation, the Buyer may request that the Independent Accountants deliver an Accountants' Notice with respect to such Failed Initial Verifiable Reference Obligation, and upon such delivery, the Conditions to Settlement Satisfaction Date shall occur with respect to such Failed Initial Verifiable Reference Obligation.

Satisfaction of Conditions to Settlement:

Other than where a Reference Obligation is a Cured Reference Obligation, the Conditions to Settlement may (subject as provided below) only be satisfied once in relation to each Reference Obligation. However, the Conditions to Settlement can be satisfied more than once in relation to the Reference Portfolio and the Transaction. For the avoidance of doubt, the Buyer may deliver a Credit Event Notice in relation to a Cured Reference Obligation (where

the relevant cure relates to a previous, separate event).

If the Conditions to Settlement are satisfied for a Reference Obligation, such Reference Obligation shall be removed from the Reference Portfolio on becoming a Worked Out Reference Obligation, except in respect of a Failure to Pay Credit Event where, upon becoming a Worked Out Reference Obligation, the Reference Obligation was a Cured Reference Obligation.

- (b) in respect of a Defaulted Reference Obligation in respect of which a Failure to

Pay Credit Event had occurred, the date on which the Buyer determines that all overdue principal amounts in respect of such Defaulted Reference Obligation have been paid in full (together with any interest on such amounts) (in which case such Reference Obligation shall be a "**Cured Reference Obligation**");

- (c) except where the Credit Event specified in the Credit Event Notice for that Defaulted Reference Obligation was a Failure to Pay and a Restructuring Credit Event also occurred following the Event Determination Date in respect of that Defaulted Reference Obligation, the date falling 72 months following the Event Determination Date;

Quarterly Credit Event Independent Accountant Report Agreed Upon Procedures

We will carry out the following agreed upon procedures:

Relating to Reference Obligations that have been subject to a Credit Event and/or with respect to which there is a Seller Payment

With respect to a Calculation Period the Calculation Agent will provide us with (a) a list relating to each Credit Event that has occurred during that Calculation Period or any previous Calculation Period and which has not been previously sent to us and the calculations of each Seller Payment payable with respect to such Calculation Period (together the "**Verification Events**") and (b) the relevant information as provided below.

(A) Verification of the Credit Event and Seller Payment

- The Calculation Agent will provide us with:
 - (a) a Credit Event Notice, detailing the Reference Obligation ID that has been the subject of a credit event and the type of credit event called and
 - (b) Santander will provide information that reasonably confirms any of the facts relevant to the determination that a credit event has occurred. This information will include at least one of the following:
 - (i) Information from a public source describing the credit event.
 - (ii) Any petition or filing instituting a bankruptcy or insolvency.
 - (iii) Information received from the reference entity.
 - (iv) In case of a failure to pay, a screenshot of the booking system showing that the loan is at least 90 days in arrears.
 - (v) If any of the information above cannot be sent to the VA due to confidentiality reasons an attestation by 2 MDs confirming the receipt of one of the items listed above.

For the avoidance of doubt, the Credit Event Notice may be initially delivered by Banco Santander to us in "draft" form for the purposes of us commencing to carry out these agreed upon procedures. In such a case, in order for us to sign and deliver the Quarterly Credit Event Independent Accountant Report, we will have to be provided with a copy of the signed Credit Event Notice delivered to the Seller.

- For any Initial Credit Protection Amounts in respect of Reference Obligations with respect to which Failure to Pay or Bankruptcy Credit Event has occurred, we will verify the Defaulted Notional Amount and LGD used in the calculation using the Reference Pool File, screenshots from the loan application (*aplicación de préstamos*) and LGD mapping table provided by the Calculation Agent. The Calculation Agent may also provide screenshots of the internal risk system in which the LGDs are contained.
- For any Initial Credit Protection Amounts in respect of Reference Obligations with respect to which a Restructuring Credit Event has occurred, we will verify the notional of the principal forgiveness using the Reference Pool File, screenshots from the loan application (*aplicación de préstamos*), Risk Committee approval and restructured loan agreement or the Defaulted Notional Amount and LGD used in the calculation.
- For any Credit Protection Adjustment Amount we will verify the Work Out Completion Date, and all required calculations relating to the Work Out Credit Protection Amount with reference to

screenshots from the loan and recovery systems, correspondence with the borrower, court resolution or any other relevant information.

- Check that the Reference Obligation per the Credit Event Notice is that referred to in the supporting documentation.

For all Affected Reference Obligations which are Initial Verifiable Reference Obligations or Final Verifiable Reference Obligations we will perform the following:

- (a) verify that the Credit Event identified in the relevant Credit Event Notice has occurred and, if so, that it occurred during the Notice Delivery Period;
- (b) verify that the calculation by the Calculation Agent of the relevant Seller Payment (including, for the avoidance of doubt, any Worked Out Credit Protection Amount, Initial Credit Protection Amount and Credit Protection Adjustment Amount) or any Late Recovery Amount has been calculated correctly; and

(B) Verification of Protected Reference Obligation Notional Amount Test

The Calculation Agent will provide us with:

- (a) A data file containing information on all of the assets included in the Reference Portfolio including the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount of each Reference Obligation (the "Reference Pool File") at the Reference Date.
- (b) A screenshot of the Bank systems showing that Banco Santander S.A. is holder of 5% of the aforementioned Reference Obligations included in the Credit Event Notice.

For the Credit Event included in the Credit Event Notice, we will verify that the Defaulted Notional Amount on the Event Determination Date was not greater than 95% of the Outstanding Principal of the Reference Obligation as follows:

- i. Comparing the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount at the Credit Event Date included in the Credit Event Notice.
- ii. Comparing the "OUTSTANDING PRINCIPAL" field and the "PROTECTED REFERENCE OBLIGATION NOTIONAL AMOUNT" field included in the Reference pool file at the Closing Date and the "RONA" field and the "PRONA" field included in the FINAL Reference Register at the Reference Date.

(C) Verification of the Securitisation Retained Amount Test
